

Year	Unit	Key Words and Concepts
7	Map Skills	Place, space, locational knowledge, scale
	Ecosystems – Coral Reefs	Water, Erosion, Deposition, Landforms, Effect of Humans on the natural world, Change
	Coasts	Locational knowledge, Water, Erosion, Deposition, Landforms, Effect on Humans, Effect of humans, Change
	Rivers	Locational knowledge, Water, Erosion, Deposition, Landforms, Effect on Humans, Change
	Glaciers	Locational knowledge, Water, Erosion, Deposition, Landforms, Effect on Humans, Change
8	Development	Work, Industry, Poverty, Effect of Humans on the natural world, Change
	Poverty	Work, Industry, Poverty, Effect of Humans on the natural world, Change
	Globalisation	Work, Industry, Poverty, Effect of Humans on the natural world, Change, Interconnections
	Tourism	Locational knowledge, Work, Industry, Poverty, Effect of Humans on the natural world, Change, Interconnections
9	China	Place, Space, Demographics, Industry, Work
	Africa	Locational knowledge, place, space, demographics, industry, poverty
	USA	Locational knowledge, place, space, demographics, tourism, industry
	Conflict	Place, space, locational knowledge, conflict, resources, scarcity, security
	Tectonic Hazards	Place, space, change, locational knowledge, risk, mitigation
10	Weather Hazards	Place, space, change, locational knowledge, risk, mitigation
	Climatic Hazards	Place, space, change, locational knowledge, risk, mitigation
	Ecosystems & Tropical Rainforests	Place, space, locational knowledge, interdependence, globalisation, human impact on environment, deforestation
	Cold Environments	Adaptations, place, space, locational knowledge, interdependence, human impact on environment
	UK Physical Landscapes - Coasts	Place, space, locational knowledge, change, erosion, deposition, transportation, landforms, effects on humans, mitigation
	UK Physical Landscapes - Rivers	Place, space, locational knowledge, change, erosion, deposition, transportation, landforms, effects on humans, mitigation
11	Urban Issues and Challenges	Poverty, Place, space, locational knowledge, development, human responses, mitigation
	The Changing Economic	Place, space, locational knowledge, development, development indicators, poverty, mitigation, intermediate technology, debt relief, fair-trade, tourism, TNCs, environmental issues, post-industrial economy, urbanisation, counter-urbanisation, North-South divide, UK role in wider world
	The Challenge of Resource Management	Place, Space, Locational Knowledge, Resources, Inequality, Food, water and energy provision, Management, Security, Scarcity, Sustainability
	Geographical Skills	Place, Space, Locational Knowledge, Statistic, Interdisciplinarity with other subjects (Maths, History, Art), Graphs, Data Presentation, Evaluation,
